FURNITURE

COMPLETE FURNISHING CATALOGUE.

The image shows a highly decorative title page for a furniture catalogue. The text is stamped in red ink on a worn, greyish-brown paper. The central text reads 'ARMY & NAVY AUXILIARY COOPERATIVE SUPPLY LTD. FRANCIS ST VICTORIA ST WESTMINSTER.' Above this, a small oval contains contact information: 'TELEPHONE 69 WESTMINSTER' and 'TELEGRAMS AUXILIARY, LONDON'. The page is framed by ornate, swirling red patterns. On the left, a circular emblem features a wheel and a cross. On the right, another circular emblem shows a lion. The words 'ART FURNITURE MANUFACTURERS' are curved along the left side, and 'PURE BEDDING MANUFACTURERS' is curved along the right side. At the bottom, a banner reads 'FURNITURE', and below that, 'COMPLETE FURNISHING CATALOGUE.' The paper shows signs of age, including creases and discoloration.

London

*Approximate Estimate to FURNISH A SIX-ROOMED HOUSE or SMALL FLAT for £150, with Good Class Furniture, each article priced separately, so that any piece or suite can be substituted for others of the same value, as many Illustrations are given of all kinds of Furniture at similar prices.*

*The endeavour is to show how well, and not how cheaply, a small House or Flat containing six rooms may be furnished for £150, as less expensive furniture than offered in this estimate is illustrated in Catalogue suitable for all rooms, it can readily be ascertained, that one could furnish six rooms for considerably less than £150.*

## Blinds Department.

NEW SHOW ROOM, 2<sup>nd</sup> FLOOR, COBOURG ROW EXTENSION.

EVERY DESCRIPTION OF WINDOW BLIND MANUFACTURED ON THE PREMISES

Preparatory to commencing the present season, an extensive alteration has been made which has been the means of providing a more spacious showroom for the display of a large and varied selection of Blinds comprising all the latest novelties in addition to the ordinary popular styles. Upwards of 170 blinds and models in situ are now on view. This will greatly assist Members in making their selection, the exact working of almost every kind of Blind from the conservatory shade to the most ordinary roller action, being clearly shown.

Special care has been given to the stocking of such goods as can be relied upon to combine durability with good appearance, but where artistic effect is especially studied the newest fancy shades and more elaborate embroideries are well represented and can be supplied at strictly moderate prices.

On the following pages a few illustrations and particulars are given, which will enable members to form an approximate idea with regard to prices, etc.; and when it is not desired for the Company to send a representative, an estimate for supplying blinds of any description will be submitted by return if particulars as to sizes, etc., are sent by post. Within a four mile radius, measurements are taken and estimates submitted free and the same facilities are offered to members residing at a distance with the exception that the man's third class train fare is charged in the event of the estimate not being accepted.

It is particularly requested that as much time as possible will be allowed for the execution of orders as although every endeavour is made to expedite, seeming delays are practically unavoidable during the busy season.

In giving measurements for Blinds by letter, Members are requested to state whether the width is between A and A for "pin measure," B and B for "shoulder measure," or C and C for "cloth measure," as marked on the above drawing.

The undermentioned prices include measuring and fixing complete, within four miles radius of the Stores. Beyond that distance, railway expenses only are charged.

## SEASON, 1901. INSIDE BLINDS.

These tasteful LACE and INSERTION BLINDS are now much in demand, and can be supplied by the Company in all the latest designs at strictly moderate prices.

The Company is prepared to send experienced men to any part of the country to take measurements and advise, when desired, as to the suitability of any proposed form of Blind.

## ENGLISH SPRING ROLLERS.

These Rollers are manufactured at the Company's factories, and supplied to Members at an exceptionally low cost.

Specially recommended for durability, and simplicity in working.
